SUPERINTENDENT AND COMMITTEE LEAD THE WAY.

In their offices in Memorial Hall Superintendent Kelley and the Athol-Royalston School Committees were vitally concerned with and highly instrumental in the successes both academic and extracurricular at A.H.S.

JAMES P. KELLEY
Superintendent

Mr. Willard Newton, Mr. Howard Blanchard, Dr. Ray Fessenden, Mr. Charles Plotkin, Mr. Leon Bacon

Mr. Peter Gagliardi, Mr. Donald MacKay, Mrs. Ronald Pryor, Mr. William Williams, Mrs. Donald Osborne

A.H.S. ADMINISTRATORS ARE EXPERIENCED LEADERS.

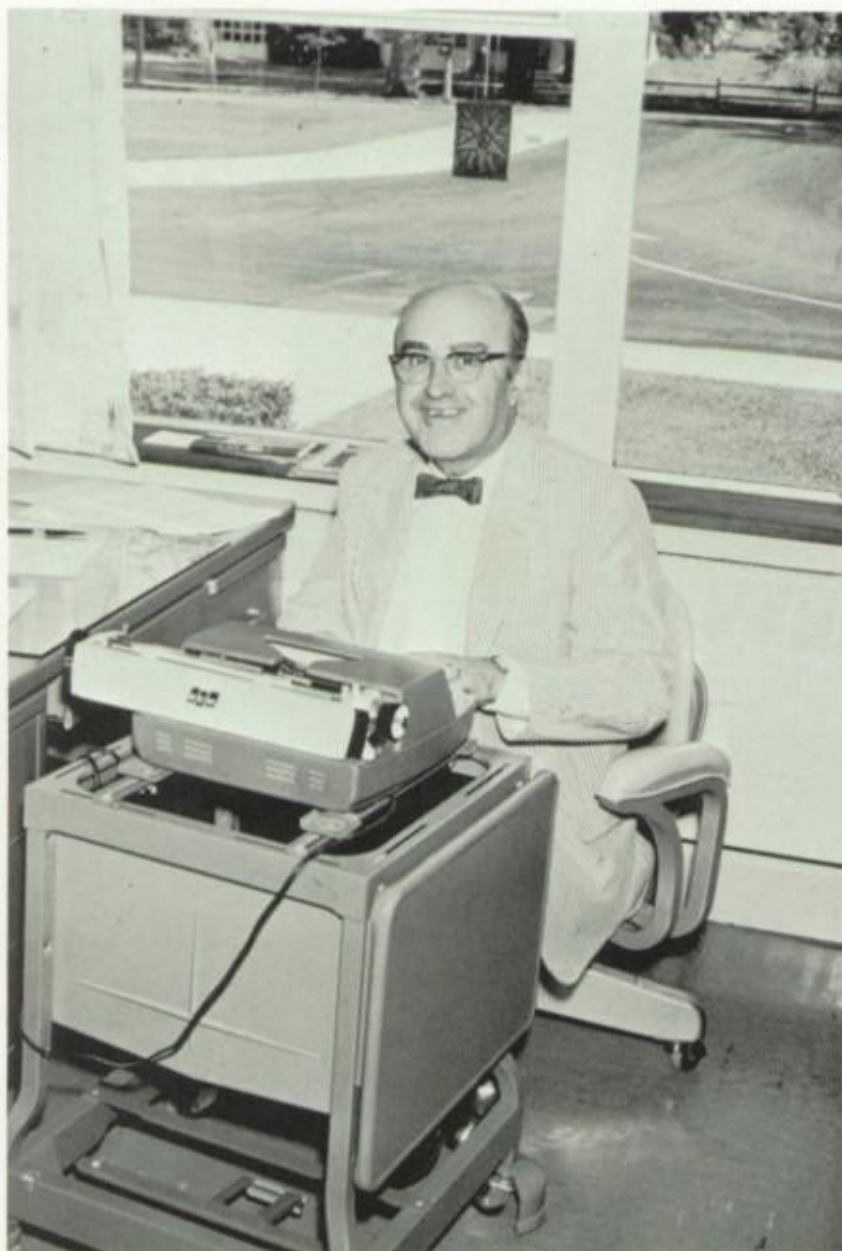

WILLIAM J. O'BRIEN
Principal

Our principal, Mr. O'Brien, is well-qualified through schooling and experience for his position. He received his AB degree from the University of Massachusetts in 1950 and his MEd degree in 1953 from Fitchburg State College. His teaching experience includes 4 years at the Junior High and 2 years at Philipston Memorial School. He was named assistant principal of Athol Junior High in 1956. In 1967, he became principal here at the high school after earning his CAGS degree from the University of Massachusetts.

Mr. Calvi, our assistant principal, has dedicated many years to the field of education. He attended the University of Massachusetts from 1927 to 1931 and received his Bachelor's and Master's degrees there. After teaching for 51½ years at the University, he came to Athol in February of 1937 as a chemistry and physics teacher. Ever since 1938, Mr. Calvi has served Athol High as the assistant principal.

SOCIAL STUDIES DEPARTMENT ADJUSTS TO CHANGING TIMES.

This department lost two familiar faces this year, while adding two new ones. Mr. Poor took a year's sabbatical leave for study at Clark University, and Mr. Musante who student taught here, fulfilled his duties. Mr. MacFarlane was replaced by Mr. Bakanus.

With increased concern for Negro problems, the history department this year has endeavored to probe deeper into the Negro's past. The presidential election also provided an interesting subject for supposition and debate.

LANGUAGE ARTS DEPARTMENT INCREASES OFFERINGS.

Three new faculty members teamed up with the veterans of the department to teach us better communication in English, French, and Spanish. The new teachers were: Mr. Lamasney, English; Mr. Adams, English; Mr. Valdes, Spanish. Added to the curriculum was another English honors course, Modern Novel, taught by Mr. Kinsella.

MATH AND SCIENCE DEPARTMENTS CONTINUE TO GROW.

The only newcomer to the math and science department this year was Miss Miniuks who assumed Mr. Kelly's responsibilities.

An innovation in the math department this year was an introductory calculus course taught by Mr. Caisse to two seniors. This course gave full credit for math 5 to Shirley Miller and John Gibson.

Through these various veteran area specialists the student has met experiences calculated to enrich his leisure as well as his career.

Although Mrs. Grace is our new librarian, she has had many years of experience in her field. A graduate of the University of Kentucky, she was librarian at a Lexington Kentucky High School for two years.

CREATIVE ARTS ENCOURAGES OUTSTANDING PERFORMANCES.

Joining our instructors in creative Fields were two new staff members: Mrs. Souza, art; and Mr. Erali, industrial arts. Aromatic foods, modish garments, functional constructions, varied and pleasing art forms, and sweet music—all these were concrete evidence of the creativity of these departments.

Led by seven seniors, including co-captains Ken Grace and Wayne Saven, this year's basketball team finished the regular season with a fine 13-7 record and qualified for the District Tournament. Highlights of the season included a big win over Leominster and two victories each over Mahar and Gardner.

Ken led the team in rebounding and contributed a 12-point per game average. Wayne made the year a most memorable one for Athol fans. He broke every Athol High School scoring record, including most points in one game, in one season, and in a career.

WE
PAY
TRIBUTE
TO
OUR
CLASS
ADVISORS.

DONALD FERRARI and PAUL CAISSE

Mr. Ferrari came to A.H.S. four years ago when we did, and he has served as our advisor all four years. He is a graduate of A.H.S. and Worcester Polytechnic Institute. In addition to his physics teaching and class advising duties, he is head coach in football and baseball. In spite of this busy schedule, he has always faithfully performed our class duties.

Mr. Caisse became our class advisor three years ago, a year after his first appearance at A.H.S. He is a graduate of Leominster High School and the University of Massachusetts. As math teacher he has introduced several innovations to the department, among them Math 5. He, too, is an athlete, and this year he became our varsity basketball coach as well as our junior varsity baseball coach. We have always found him, too, an unfailing friend, advisor and director.
